

# **The Arts at Cawston**

At Cawston VC Primary School the Arts are an important entitlement for all our children. The Arts Programme includes provision for:

- Art and Design
- Dance
- Drama
- Music
- Creativity in other subject areas.

We provide a broad and balanced arts curriculum as well as extension and enrichment opportunities through extra-curricular clubs and activities.

We plan a varied programme of working with professional artists and organisations in order to:

- strengthen the expertise of our provision,
- improve the quality of the arts in our school,
- provide inspirational role models by artists working in their chosen field and
- to increase our pupils' aspirations for their talents in arts.

We value 'Pupil Voice' in the planning and the creative process as well as offering opportunities for the more able/ gifted pupils to work as leaders.

We are committed to working towards the national Artsmark Award in recognition and celebration of our achievement in our arts provision.

All our policies include an Equality Statement of inclusion for all pupils.
