

AIMS AND VALUES OF CAWSTON PRIMARY ACADEMY

Our school aims to serve the community by providing quality education within the context of Christian belief and practice. It encourages an understanding of our multicultural society and promotes Christian values through the experience it offers to all its pupils.

We are committed to working towards the five national outcomes that are key to well being in childhood and later life - being healthy; staying safe; enjoying and achieving; making a positive contribution and achieving economic well-being.

We aim for our pupils to be successful learners, confident individuals and responsible citizens.

We seek to include and engage all children in the education process setting great store in the caring, happy and friendly atmosphere we create. We are concerned that all our children, not only maximise their full potential, but also enjoy their Primary school days with us.

Our Behaviour Policy is based on the Golden Rules, which are displayed around the school.

- We are gentle
- We are kind and helpful
- We listen
- We are honest
- We work hard
- We look after property
