

POPLAR- YEAR 2- Week commencing 1/6/20- Term 3B Week 1**Maths**

	Fluent in 5- Year 2	Head start Booklet- Year 2
Monday	Week 1 Day 1	Maths Page 1
Tuesday	Week 1 Day 2	Maths Page 2
Wednesday	Week 1 Day 3	Maths Page 3
Thursday	Week 1 Day 4	Maths Page 4
Friday	Week 1 Day 5	Maths Page 5

If you would like an extra challenge, please look on the help sheet for ideas or complete a page a day from the 'Year 2 Maths activity' booklet.

Well Being- Challenge

This week is all about understanding what a challenge is how to challenge yourself! Use the PiXL resource PowerPoint to explore this theme. I would suggest doing a little bit each day and breaking it down like this:

Monday- Slides 1&2 Talk about the word 'challenge' what does it mean to you? Then look at the definition and talk about things that you have found challenging.

Tuesday- Slide 3 + Try a Maths challenge of your choice from the Maths activity pack or play a Maths game (e.g on ICT games)

Wednesday- Slide 4

Thursday- Slide 5

Friday- Slide 6 + use slide 7 to create a 'proud cloud'. Write or draw some things you have been proud of yourself for this week. What challenges have you tried and succeeded with?

English

For English this week we will be using 2 key resources. They are:

-Head start Primary Activity Booklet, Year 2 (You can collect a printed copy from school or access this on the school website)

-Pobble 365 – using a daily picture to practice both writing skills and creative writing <https://www.pobble365.com/>

Summer Adventures**Who am I?**

This piece of work follows on from the time capsule idea and is a History/ PATHS project.

- Draw a picture of yourself in the middle of a piece of paper. Around the outside, write words to describe yourself and any interests/ hobbies you may have.
- Where do I live? Think about the area you live in. What is it like? What do you have nearby? Can you describe it?
- Think about your family history – explore questions like: Who am I? Where do I come from? Where were my family born?
- Spend time with your grown ups at home talking about and looking at photos of your family (mum, dad, siblings, grandparents and extended family) and yourself (as a baby, a toddler etc & now).
- From your discussions, reflections & observations, record your findings – it is up to you HOW you record this and present your answer to the question 'Who am I?'. You may want to create a special family history book or a poster or come up with your own idea!
- You may want to include pictures and even data (e.g. your height/weight when you were born) and compare this to now.
