WB 21/11/2021

School Carol Concert
St Agnes' 6pm
Monday 12th December

End of term
Friday 16th December

Cawston Primary Academy

October News

Autumn Term 1a

Well done to the positive start the children have made to the new academic year. We have achieved so much already. We have collected RexSTON our now resident dinosaur, we have unveiled our art on the walls of the library, the children have been photographed and we have held a book fair all in a few weeks.

The Friends AGM was held on Friday with a very pleasing turn out. I would like to thank the out going committee—Ursie, Anna, Fleur and Annabel – for their great achievements last year with help from many of you. They organised some great events and the fundraising paid for some memorable experiences alongside funding trips and books.

The new committee of Katie, Sophie, Fleur and Sarah with many volunteers to act as Class Representatives would welcome you to join them at meetings and events across the year. Please get involved.

There are lots of dates listed on this page, please note them down and watch out for the more detailed information to follow.

Harvest Festival

We have changed our Harvest Festival celebration to the afternoon of **Wednesday 12th October** and are asking that children are collected from the church at the end by 3.15pm.

This means that book bags and lunchboxes will remain in school overnight. Provision will be made for the taxi children to be collected as normal.

We also request that each child brings a tin or packet of food, in a bag that they can carry, to donate to St Martin's Night Shelter as part of our courageous advocacy work.

I look forward to seeing you all there to celebrate with us.

We are aiming for a 2pm start.

At Cawston we are committed to

Growing Excellence

planting - nurturing - flourishing

Jesus says well-nurtured seeds will thrive. Our school is the 'good soil', offering an ideal environment for individuals to grow; building on the diverse gifts and talents we bring to our community.

Based on the **Parable of the Sower – Luke 8.4-15**

Our vision of growing excellence is a
values based ethos.

Celebrate

We recognise our Cawston Character Traits daily in class, around school and in Monday's collective worship.

Aspire

We want Cawston children to be the best they can be.
To grow in wisdom, hope and peace.

Wonder

Curiosity is encouraged. The ability to observe, ask questions, hypothesise, and pattern seek about their learning and the world around them.

Social graces

We teach thankfulness, respect, friendship, humility, compassion, service and generosity.

Think imaginatively Creativity is developed.

Own IT!

Take responsibility, show courage, tell the truth, show justice and forgiveness.

Never give up

Accept a challenge and show resilience and perseverance.

In celebrating these traits your child may receive a Cawston Citizen sticker, a Growing Excellence certificate, a Headteacher's Award, ClassDojo points, a compliment or thank you.

These are all ways that our school reinforces positive behaviour.
